NEW PATENT SHAFT COUPLING!
W. E. COOPER

HAS PURCHASED THE RIGHT FOR THIS County of the above Patent and will hereafter use it in the construction of all the Vehicles manufactured at his extensive

Carriage Factory,
Corner of Second and Morrison Streets
He respectfully refers to the following
CARD.

Having examined the New Patent Shaft Coupling invented by H B Hoagland we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used

It fastens without bolt or screw and is therefore easily and speedily separated It rests on Gutta Percha so as to be entirely free from the rattling sound which so often disturbs restless ... It is easily changed so that the shafts or tongue may be detached in an instant and is convenient safe and secure

It is easy to change to this style of coupling any buggy or other vehicle now in use and with small expense We have come to the conclusion to use this new invention ourselves and recommend its use in all cases We consider it far superior to the Brewster Patent heretofore considered the best in use

EASTERN DATES TO JUNE 10

Washington News.

WASHINGTON June 9—The tax and tariff bill was under consideration in the Senate Finance Committee four or five hours to day Its general characteristics were discussed but no votes had on any of its provisions Indications are strong that the whole section relating to special or license taxes will be rejected so as to abolish all taxation under that head and do away with numerous officials The chances seem even that the committee will set aside Schenck's tax bill entirely and report the man's brief bill of last month

WASHINGTON June 9—The Senate Committee on Commerce has agreed to subsidize the Australian steamship line which looks favorably for the Pacific mail subsidy

The Red Cloud delegation had an interview with the President to day Red Cloud made a speech similar to his previous one The President promised to use his authority for the protection of the Indians on the Reservations as well as for the whites against the red

Davis of New York, from the Judiciary Committee reported a bill establishing a universal system of naturalization It requires as a condition of citizenship three years residence with the intention of becoming a citizen except in case of aliens who enlisted in the army and who were honorably discharged who may become citizens upon one year's actual residence The bill was discussed at length Among its opponents were Sargent who opposed it unless the amendment offered by Fitch excluding Chinese and Japanese was agreed to Fitch and Axtell closed the debate The bill was tabled by 102 to 62

Northern Pacific Railroad

Senator Corbett writes the following (May 27th) concerning the Northern Pacific railroad bill

Yesterday and day before we had one of the most hotly contested fights in the House that I ever experienced I was on the floor until the final vote was taken, doing what I could to induce friends to vote for this, to us all important measure the Northern Pacific railroad joint resolution" The favorable action of the House Mr Corbett writes further will in his opinion, secure the building of this great work The following is an article from the Washington *Chronicle* on the subject

The Northern Pacific railroad bill passed the House yesterday by the decisive vote of 107 to 85 It met the most determined opposition that has ever been brought to bear against a measure of the kind Members with every conceivable reason, and with no reason opposed the measure but in vain State arguments, met and answered for the hundredth time having been found no longer available, resort was had to filibustering This proved effectual for a time, but at length produced a disgust which drove not a few from the ranks of the enemies of the bill Filibustering at last so exhausted itself that it could no longer procure the yeas and nays on a dilatory motion

To drive members from the support of the bill its enemies resorted to the threadbare device of charging those favorable to its passage with having been "sent for and seen" None however were to be driven from their convictions of duty by so transparent a trick The supporters of the measure numbering among them such men as Governor Blair and Judge Poland were above suspicion The friends of the bill ignored the "lobby," preferring to have the measure passed on its own merits, and the results emphatically attest the wisdom of their course

The Northern Pacific Railroad enterprise will stand far better with the country and with those to whom it must look for pecuniary advances on account of the absence of all suspicion of dishonorable means to effect its passage

Failing in argument and failing in filibustering the enemies of the bill tried to break it down and defeat it by amendments When the bill was committed it was attended by no less than twenty four amendments proposing to fix every conceivable restriction and limitation All this formidable array of amendments was swept away and the bill passed as reported by the committee

Now that the Northern Pacific Railroad bill has so signally and triumphantly passed, we trust that the gentlemen who have been laboring so long to make capital for themselves by declaiming against land grants will give us a little respite from their wearisome iterations

We the people are getting tired of hearing about our "inheritance" We beg of Mr Sunset Cox and other facile declaimers, that they will relieve us of their continual boasting about that "inheritance." It does not flatter us in the least to be told that we are the proprietors of a domain and we are not to be coaxed out of our votes by any such specious means

No gentlemen, if we are indeed possessors of such an "inheritance" as it suits your purpose to assert we would like to enter upon its enjoyment and the sooner the better. In order to do this we want railroads to carry us and our commerce back and forth, and not having money in our pockets to build them we propose to give a part of our "inheritance" for that purpose We are only too glad to find people willing to build great lines of railroad for us and take their pay in land

We willingly mortgage our farms and bond our towns and cities to build neighborhood railroads. We are not likely to prize our "inheritance" of wild land so highly as to be unwilling to use a part of it in building railroads, which are of national and cosmopolitan importance

We ask the same opposers of land grants to further befriend us so much as to make, for the present no more Congressional speeches concerning the "monopoly" likely to grow out of these Pacific railroads We are almost as tired hearing of that as about our everlasting "inheritance"

To our poor perceptions it appears that the building of another Pacific railroad will forever prevent "monopoly," and the construction of a third would make assurance doubly sure. With three Pacific railroads, which we soon must have competition will be so great as to protect the interests of the people in every particular

Then "land monopoly" which is such a bugbear in the eyes of some, is also out of the question so far as these railroads are concerned They will need money too greatly to hold their lands long and are fully prevented by legal restrictions from playing into the hands of land grabbing monopolies

The Northern Pacific railroad bill is a direct blow at monopoly We hope to see Congress repeat it and make it the death blow of monopoly by passing a bill to promote the construction of the Southern Transcontinental railroad As the opposition to the beneficent policy of land grants in aid of railroads has shown its weakness it would seem that the great system—the trinity—of Pacific railroads might be perfected so far as Congress is concerned without much further loss of time

GOOD JOKE—While up the rivers a few days ago says the *Mississippi Democrat* we heard a rich one on some poor fellow whose name has escaped us He was paddling to Vicksburg in a dug-out, and had been informed of a certain locality called Rick's Bend which is eighteen miles around, and in one place about a hundred yards across He was advised to land at the narrow point and drag his craft over but he passed the spot going down without observing it and paddled on eighteen mile around till he struck it on the other side Landing at once, he dragged his boat across and went gliding along down with a light heart till he came within a few paces of the same spot where he had dragged across before Thinking it was a new cut off he went ashore and lugged his canoe over again when he got back to the river a second time he sauntered around a little to stretch himself he soon discovered an old newspaper out of which he had taken his breakfast that morning It was now about sundown and as he had paddled thirty six miles without any flattering progress he scuttled his dug out with a hatchet built a camp and waited till next day for a steam boat

A NEW PARTY IN CALIFORNIA—The Sacramento *Record* of June 4th has the following

Some weeks ago we stated that a new party was being organized in San Francisco by those who believed that the Governor and his friends were playing false with the Democracy of the State The *Examiner* of Thursday evening has an attack on this new organization in which an attempt is made to convey the idea that it is intended to break up the Democratic party This indicates that the Democratic leaders are becoming alarmed and as the *Examiner* is well known to be in affiliation with the chivalry wing of that party it may safely be assumed that the new organization is in opposition to that element It is said that the leaders of the new party propose to secure a strong strength of two thousand before they make their objects known publicly expecting by this means to obtain the balance of power in San Francisco and through that city to carry the State We have reason to believe that this movement is originated by Democrats who are dissatisfied with the secession proclivities of Governor Haight and it is not likely that it will interfere with the strength of the Republicans There is undoubted reason for dissatisfaction in the Democratic ranks, and if this organization splits that party up, the State will probably gain by the operation

Most of the ... is ... very fine sand mud and vegetable matter ... down by the river and forming deposits ... such localities ... water is ... found in abundance The soil is usually frozen at a depth of three or four feet in ordinary situations In colder ones it remains icy to within 18 inches of the surface This layer of frozen ... is six or eight feet thick below that depth the soil is destitute of ice except in very unusual situations This phenomenon appears directly to result from want of drainage combined with a non conducting covering of moss which prevents the sun's heat ... the bores in midsummer from thawing and warming the ... In places where the soil is well drained and not covered with moss as in the large river deposits near Nulato ... I have noticed that the frozen layer is much further below the surface, and in many places appears entirely wanting I have no doubt that in favorable situations by draining and deep plowing the ice could in course of time be wholly removed from the soil. A singular phenomenon on the shores of Escholtz Bay Kotzebue Sound was first observed and described in the voyage of the Rurik by Kotzebue and Chamisso, and afterward in the Appendix to the Voyage of the *Herald* by Buckland and Forbes. It consists of bluffs or banks (80 to 60 feet high) of apparently solid ice fronting the water which washes on a small beach formed by detritus at the foot of the bank These continuous banks of ice range to say are covered with a layer of soil and vegetable matter where to use the words of the renowned botanist, Dr Seemann herbs and shrubs are flourishing with a luxuriance only equaled in more favored climes Kotzebue's account is exaggerated and highly colored as is everything he has written but the facts were confirmed by Dr Buckland and his companions although Captain Beechy had previously reported that Kotzebue had been deceived by snow drifted against the face of the banks and remaining while that in other localities had melted away Buckland and his party not only examined the face of these bluffs but of various points on the top of the bank more or less removed from the shore and found in every instance ice nearly pure or mixed with vegetable matter at a short distance below the surface They report also that the water in the bay is becoming more shallow by the fall of the detritus as the ice melts away and the formation is rapidly disappearing As no explanation has been offered of this singular phenomenon I venture to suggest that it may be due to essentially the same cause as the subterranean ice layer which is found over a great part of the Yukon Territory It is quite possible to conceive a locality depressed and so deprived of drainage that the annual moisture derived from rain fall and melting snow would collect between the impervious clayey soil and its sphagnous covering congeal during the Winter and be prevented from melting during the ensuing Summer by the non conductive properties of that mossy covering which would thus be gradually raised the process annually repeated for an indefinite period would form an ice layer which would well deserve the appellation of an "ice-cliff" when the encroachments of the sea should have worn away its barriers and laid it open to the action of the elements The lesson that the agriculturalist or political economist may learn from this curious formation is that a healthy and luxuriant vegetation may exist in the immediate vicinity of permanent ice bearing its blossoms and maturing its seeds as readily as in situations apparently much more favored Hence we may infer that a large extent of territory long considered valueless may yet furnish to the trader fisherman or settler if not an abundant harvest at least an acceptable and not inconsiderable addition to his fare of fish venison and game

The climate of the Yukon Territory in the interior (as is the case throughout Alaska) differs from that of the sea-coast even in localities comparatively adjacent That of the coast is tempered by the vast body of water contained in Behring Sea, and many southern currents bringing warmer water from the Pacific making the winter climate of the coast much milder than that of the country even thirty miles into the interior this too without any high range of mountains acting as a bar to the progress of warm winds The summers on the other hand from the quantity of rain and cloudy weather are cooler and less pleasant than those of the interior The months of May and June however and part of July, are delightful—sunny, warm and clear To quote Seemann again on the northern coast "the growth of plants is rapid in the extreme The snow has hardly disappeared before a mass of herbage has sprung up and the spots which a few days before had presented nothing but a white sheet are teeming with an active vegetation producing leaves flowers and fruit in rapid succession Even during the long Arctic day the plants have their period of sleep—short though plainly marked as in the tropics and indicated by the same drooping of the leaves and other signs which we observe in mild er climates" The following table will show the mean temperature of the seasons At St Michael's on the coast of Norton Sound in lat 63° 28 at the Mission on the Yukon River 100 miles from its mouth in lat 61° 4 at Nulato 459 miles further up the river in lat 46° 40 (approximate) and at Fort Yukon 1 200 miles from the mouth of the river and about lat 66 34

Railroad Matters Again

The preliminary survey for the Oregon and California railroad has been pushed through to Rogue river From the head of Wallamet valley it takes the Pass creek route to Umpqua valley thence through the Umpqua Canyon to the valley of Cow creek where it deflects from the route formerly traced and instead of following down Cow creek and passing over the divide to Grave creek which has always been deemed a very difficult route it takes an easterly direction ascends Cow creek valley and finds a comparatively easy way by passes through the mountains to the valley of Rogue river which it enters near Table Rock Mr Jesse Applegate who has made this preliminary survey says the route is even more favorable than he had ever supposed it It is also much shorter than the old route by way of Grave creek

There has been much bitter discussion of late in regard to the proposition to bring the branch road from the Central Pacific into Rogue river valley instead of causing it to come across from the Humboldt to Eugene City but as the occasion which gave rise to the bitterness developed in that discussion has passed away with the election, the case may now be looked at calmly and without prejudice That a branch from the Central Pacific connecting with the Oregon and California road in Rogue river valley would be the plan for developing Southern Oregon while it would also give all that part of the State west of the Cascade mountains advantageous railroad connections is obvious enough. While it would give a direct through line to the East from Wallamet valley it would build up Southern Oregon into a great and prosperous section Not only would it develop the valleys of the Umpqua and Rogue rivers, but it would also create a great and prosperous community in the vicinity of the Klamath lakes. There is a large and valuable section of country in that quarter which it would fill with a busy population, but which is now too remote to be reached. The road would run east from Rogue river valley cross Link river, the stream which connects the middle and lower Klamath lakes, and pass all the way through an easy and excellent country Such a road has heretofore been deemed essential to the railroad system of our State, so much so that the last Legislature made it the subject of a special memorial to Congress, with a request that it should have Government aid Without this road Southern Oregon is not properly served, indeed is not served at all But with such a road running south from this city through the whole length of the State, all parts are provided for at once The people of Southern Oregon should, and doubtless will, stand up for their interests in this matter

The middle Klamath lake is probably forty miles long by ten or twelve miles wide It is very deep and navigable for craft of every description. Williamson's river is its principal feeder, and is a stream which is navigable for sixty miles. The country drained by these waters is described as excellently adapted to settlement Its agricultural, grazing and manufacturing advantages are very great. On the west side of the lake there are immense forests of the best varieties of timber, easy of access, and situated so as to supply the whole region lying toward the east, where no timber grows. The region to be opened and developed by the proposed railroad is very extensive, and is destined to become a most important part of our State.

There are three lines of railroad which are important to Oregon and vital to Portland The first is, the North Pacific, the second, the branch from the Union Pacific to the Columbia river, and the third, the road through to the southern line of the State with connections thence to the Central Pacific These roads will develop all parts of Oregon They form a system which, after due deliberation, was commended by the last Legislature of our State They will make Portland a central point and build it up to a great city The plan will, of course, include other roads of a local nature and various branches, but the above are chief outlines of the system

The *Herald* thinks the Republicans spent half a million dollars in the late political campaign, and wonders that under the circumstances the Democrats should have succeeded even by the very meager majority they have obtained To put it somewhat differently, that paper is filled with amazement to find that the Democratic party was not "bought" *en masse* "Why" exclaims that paper, "it is the wonder of political history! It is stated plainly that many hundreds of Democrats "sold" their votes and astonishment is expressed that many more did not This, let it be understood, is the *Herald's* estimate of its own party No opponent has ever brought against that party a more damaging accusation But perhaps we can explain to our neighbor the reason why Democrats did not forsake their colors by regiments, beguiled by that half million dollars as it seems to have expected them to do There was no half million dollars Every party uses some money in a campaign, but to talk about any party expending half a million in any contest in this State, or even one-fifteenth part of that sum, is ridiculous Democrats used large amounts of money in the late campaign—no doubt quite as much and perhaps even more, than Republicans From every county the local politicians of that party during the whole contest were continually flocking to the leaders at Salem and at Portland for money They had to have it to keep their imports and to carry out their promises to their followers Yet with all their efforts and all their money they have but just barely succeeded But it is a shameful accusation against their party for them to attribute the meagerness of their victory to the alleged fact that many hundreds of Democrats were purchased like so many "glass-eyed cayuse horses

A new organization called the California Press Association has been perfected the object of which is to obtain and disseminate news to all the journals included in the arrangement The Association is at present composed of the following journals The San Francisco *Chronicle* the Sacramento *Record* the Oakland *Transcript* the Oakland *News* the San Francisco *German Democrat* the San Francisco *Examiner* the Marysville *Standard* and the Stockton *Independent* Eastern dispatches will be received over the wires of the Atlantic and Pacific Telegraph Company which has now completed a double line The old Press Association will therefore encounter henceforth an active rivalry in the business of obtaining and publishing news

California papers all agree that the yield of wheat in most parts of that State will be from a low average down to a total failure

Death of Charles Dickens

The telegraph reports that Charles Dickens the novelist is dead

Few writers have equalled Dickens in the number, variety and originality of their characters One of the most cunning portrayers of human nature since Shakespeare, very many of the characters with which he has peopled the realms of imagination are far better known to the generality of readers than the famous names which have played a part in veritable history No pen has been more potent than his to correct social evils none has done more to introduce reforms not only in individual character but in organized systems of absurdity and wrong In *Bleak House* the chancery system of England is held up to detestation in *Little Dorrit* the circumlocution office is made the object of merciless ridicule in *Oliver Twist* the poor house system is pilloried in *Nicholas Nickleby* the flagrant outrages of those schools where brutality and ignorance take the place of proper government and ability to teach, are exposed to view The reforms that have been effected by means of these and similar delineations are in value beyond all calculation Such a writer is a real benefactor of his race No author has equalled Dickens in describing the sorrows and sufferings of childhood and the stories of Oliver Twist, Little Paul, Poor Jo, and the early life of David Copperfield are among the most beautiful and effective of all his touches

It is but truth to say, however, that the popularity of Dickens as a novelist is not what it was some years ago The time was when he seemed to eclipse all former and contemporaneous writers of fiction but Scott is again re-asserting his superiority, and Thackeray though not so much thought of while living as Dickens, has an increasing fame But Dickens, though not the very greatest of our writers of fiction, must always hold a place among the greatest For sometime he has been engaged upon another serial story, which by his death is probably left incomplete

The old story again Here comes in the *Herald* a telegram from Washington Territory charging "many Democrats" with "selling-out to Garfielde's friends for the local ticket" When will the Democratic organ quit publishing these accusations against its party?

The majority against Garfielde in Skamania county (W T) is 30 Last year it was 57 Garfielde gains everywhere over his last year's vote

Election Notes

The vote of Benton county is 1 385 Highest vote ever thrown at a former election, 1,085.

A telegram received from Salem yesterday states that Judge Boise's majority is fifteen

Wilson's majority in Marion county is 335 Balance of State ticket has about 300 majority

The vote in Clackamas on Congressman is 1 457 Highest vote thrown at a former election 1 237

It was reported last evening that Grant county has given a Democratic majority of 75 The mail from Canyon City reached the Dalles yesterday, so the report may be true.

The Democratic paper at Corvallis says its party has carried Benton county "It is true," it says "that a majority appears against us on the *returns*," but so little an obstacle as this it thinks is hardly worthy of notice

RELIGIOUS ITEMS.

The first Sunday School, organized in the United States as far as is now known, was in the State of Pennsylvania, in the year 1747

There is at Nashville Tenn, an institution for training colored preachers, under the care of the Rev. W Phillips, a graduate of Brown and Newton

Bishop Cox's letter to the Pope has been translated into a number of foreign languages, the Czech being the latest, Czech is the Sclavonic dialect of Bohemia

The Texas Educational Convention of the Methodist Episcopal Church, South, have agreed to raise $500 000 for the building and endowment of a Southern Methodist University in Texas

Southern Presbyterians, Southern Baptists, and Southern Methodists have severally declined affiliation with sister churches of "the same faith and order" respectively, of the North No overture coming from the South has been rejected Why this difference in tone and temper?

Disestablishment is working great good in Ireland This is shown in one instance by the fact that the Protestant Episcopalians are discussing with the Presbyterians the possibility of a kind of union which shall admit of co operation as regards questions in which they are mutually interested

The Bible is now published in fourteen of the principal languages of India, the whole New Testament in five others and some books of the Old and New Testament in seven more so that the Word of God, in whole or in part, is printed in no less than twenty six of the living languages of India

The Fraternal Association of Universalists in Boston, presided over by Rev Rowland Connor, who was disfellowshiped by the denomination for rationalistic views, has been disbanded for want of support, and its members have been invited to join the society to which Theodore Parker used to be a minister

Rev Dr Guthrie of the United Presbyterian Church of Scotland has introduced into his service the novelty of having his people stand while singing and bowing the head in prayer instead of standing erect For these innovations he is likely to be arraigned before the General Assembly on a charge of heterodoxy

The American Baptist Missionary Union met at Philadelphia on the 25th ult the American Missionary Association at Boston the Presbyterian General Assembly of the North at Philadelphia the General Synod of the Reformed Presbyterian Church at Cincinnati; the Presbyterian General Assembly of the South at Louisville the Missouri Episcopacy at St Louis, on the 2d h ult the General Conference of the Methodist Church at Memphis the Ohio Christian Missionary Conference at Mansfield and the Board of Delegates of the American Israelites in New York

A YANKEE CHINAMAN —We clip the following from the San Francisco *Call*, of the 2d

"While the Boston excursionists were visiting the *Japan* yesterday one of the party met a Chinaman with his wife and child, about five years old, on the ship who had taken passage for the Flowery Kingdom The Chinaman spoke and understood the English language somewhat and soon the Bostonian entered into conversation with him Among other questions he asked the Chinaman, "Is your son a native of California? The Chinaman's face was lit up with a smile as he replied pointing to the boy "Him alla same you him Yankee Chinaman Our Boston friend was evidently not well pleased with the answer, as he refrained from asking further questions and left the spot.

GOING SOUTH —Mr C Beal is about to start to Southern Oregon for the purpose of organizing new lodges of Good Templars

THE WEST

The Oakland (Cal) *News* says We learn incidentally that some liberal gentleman in the Eastern States has signified his intention to give the University of California the nice little sum of a quarter of a million dollars

Prospectors returning to Los Angeles from Lower California report the discovery of a salt lake, thirty miles long by ten or twelve wide two hundred miles from San Diego which is alive with fish The party bring rich specimens of gold and silver

A soap factory is to be established in San Diego The ice plant which grows in abundance there is charged with alkali and yields it readily on burning The butcher shops of the place will furnish a daily supply of tallow, amounting to about 300 pounds

During the month of May the coinage of the U S Branch Mint in San Francisco was as follows $2 040 000 in $20 pieces $40 000 in silver half dollars and $3 000 in gold dollar pieces aggregating $2 033 000 There has been coined at the Mint since January 1st 1870 $8 173 000

A party of whites lately on a pleasure tour to the falls of the Yellowstone had their horses stolen by a band of Indians known as Sheep Eaters, who were pursued and while attempting to cross the Yellowstone on a hastily constructed raft were swept over the falls and all of them—18 in number—drowned

The *Alta* says that fifty thousand acres of land in Shasta valley, south of Yreka has been thrown into the market at three dollars per acre one-third cash and the remainder on long time at ten per cent interest The land is excellent for grazing purposes and in many places the purchasers will get control of the access to the hills which surround the valley and are covered with a luxuriant growth of bunch grass

Forbes in the White Pine *News*, has the annexed On a back street the other day we were just behind Rogers, the map man He had a large bundle of maps and as he passed and we came by, one man remarked, "Yes I can see it comin, it's a sure thing; the deadest sign in the world, when times get right rough you'll always see them derned map peddlers coming around!" In the afternoon we saw Rogers, and he had about closed out his stock—to more appreciative people.

The Idaho *World* of May 26th learns that about ten days ago the body of M A Wentworth, the expressman who was lost in the snow slide while en route for Leon Creek during the winter, was found by his partner Mr Adams, and another man named Holmes The snow was still about four feet deep over the remains, which were discovered by means of a hole being dug down to the body by a cougar or panther which had eaten the flesh off of the naked breast otherwise the body was in a good state of preservation

WAIT AWHILE —If it could be ascertained exactly how the hundreds of men who have come to our State since the first of last December would have voted, we have no doubt their ballots, if cast, would have given enough Republican majority to annihilate the pitiful little excess claimed as the Democratic victory last Monday Wait awhile brother Republicans, and keep at work The range is good and will bear waiting for and we must trust in the future Pick the flints and let us try again We can clean them out in 1872 —*Statesman.*

An additional lot of those handsome suits worn by everybody both heavy and light weight was received by Kohn & Fishel, No. 91 Front street They are equal to the best custom made and pleasing to all men that wear them They also received an extra fine lot of striped calico shirts and Star white shirts Their stock in clothing is the largest and finest in Oregon and sold at extreme low prices

CITY.

[illegible]—The Census of the United [illegible] is a matter in which the entire public [illegible] themselves, more especially the [illegible] yet but very few of the many [illegible] of whom the Assistant Marshal has thus [illegible] in Multnomah county appear to under- [illegible] in this matter, that the purposes [illegible] census is being taken may be best sub- [illegible] view of a better understanding [illegible] all attention to a few important [illegible] this subject:

[illegible] No. 1, District of Oregon, is com- [illegible] county. The work of the [illegible] into four classes, to-wit: [illegible] No. 1—Inhabitants, to be enumerated [illegible]. In this schedule there are 20 ques- [illegible] principal and most particular of [illegible] "Your name, age, profession, [illegible] trade; value of real estate, value [illegible] place of birth by State, Terri- [illegible]. The value of real estate is to [illegible] without any deduction on ac- [illegible] of other incumbrance, whether [illegible] the census subdivision or the [illegible] ent is the full market value, [illegible] "Personal estate" is to be [illegible] bonds, stocks, mortgages, notes, [illegible] or furniture, but exclusive of [illegible]. No report will be made when [illegible] is less than $100. It is a [illegible] the work of enumeration [illegible] to secure completeness and [illegible]. The Marshals are enjoined [illegible] as possible of authority, [illegible] can be committed than to [illegible] acquired in the discharge of [illegible]. All disclosures will be treated as [illegible], and the department will [illegible] in his rights in this matter. [illegible] an enumeration of persons [illegible] the disease of which they [illegible] the year (12 months), ending [illegible] place of abode at the time of [illegible] the family being enumerated [illegible] is wholly devoted to the pro- [illegible] in the subdivision. [illegible] 4—Products of Industry—The [illegible] "industry" must be understood [illegible] in the instructions to [illegible] smallest shop must not be omit- [illegible] production reaches $500 annu- [illegible] cost of the materials used. It [illegible] the shops which employ the [illegible] bodied artisan fall short [illegible] t prices of labor. It is [illegible] there should be a *distinct* shop [illegible] establishment of productive in- [illegible] of the law. A *chest of tools* [illegible] a house, may constitute a [illegible] provided the artisan does [illegible] in any other shop which [illegible] enumerated. To get at the [illegible] is a very easy thing if [illegible] manufacturers will give the [illegible] few moments thought, [illegible] to be answered is: the name of [illegible] or individual producing; [illegible] manufacture or product; [illegible] personal, invested in the busi- [illegible] power; and 5th, if water or [illegible] of horse power; 6th and 7th, [illegible] and number of machines; 8th [illegible] number of hands employed; [illegible] paid in wages during the year; [illegible] months in active operation, [illegible] to full time; 13th, kinds of [illegible] quantities of the same; 15th, [illegible] the kinds of productions, the [illegible] of each kind; and lastly, 16th, [illegible] article produced. Having set [illegible] duties assigned to him in full [illegible] law, and for the full benefit [illegible] subdivision, it is the wish of [illegible] that everybody with whom [illegible] be prompt and open in all [illegible] factory and every mill of [illegible] be enumerated in this way. [illegible] tities of materials [illegible] in the case of those [illegible] whose materials and [illegible] minor and miscellaneous [illegible] carpenters' and blacksmiths' [illegible] etc. In the case of [illegible] the *total value* of all materi- [illegible] all products, alike those [illegible] must be given. It is [illegible] sufficiently clear to be [illegible] that the persons to be [illegible] for the Assistant Mar- [illegible] their places of business. [illegible] are 600 establishments [illegible] in this sub division.

[illegible]—Mr. C. Beal, the Grand [illegible] Order of Good Tem- [illegible] of the *Oregon Good Temp-* [illegible] devoted exclusively to the [illegible]. Mr. A. G. [illegible]—We understand that several [illegible] have come out to this coast in [illegible] some difficulty in their search [illegible] they have had a rough ex- [illegible] real estate agents" in California, [illegible] afraid to apply to ours for fear they [illegible] further fleeced. We hear of one or two [illegible] who were as good as robbed by land [illegible] their arrival at San Francisco. [illegible] happy to inform all such persons [illegible] have no fears of any of the real [illegible] in this city. We do not know of [illegible] of several years residence [illegible] believe all of them to be men [illegible] integrity and worthy to be trust- [illegible] negotiations that a stranger may wish [illegible]. If there are any "sharks" among them, [illegible] become apparent to their neigh- [illegible] known them for years.

[illegible] Employment.—Mr. Ireland, who [illegible] taking the census, informs us that he [illegible] many men in want of employment. [illegible] has met with nearly a hundred men [illegible] have not done a day's work since [illegible] in Oregon. We can scarcely see the [illegible]. The railroad people are [illegible] advertising for men, and the Govern- [illegible] have never yet had all the men they [illegible] at the quarry. And there are [illegible] families in the valley who want [illegible]. If these men are waiting for a nice, easy [illegible] pay to come to them they are likely [illegible] unemployed; but if they will get up [illegible] they need not be idle two days.

[illegible]—The steamer to sail this even- [illegible] about 600 tons, and considerable [illegible] already been refused.

ORO FINO THEATER.—The splendid comedy of Caste was played last night with Mr. Bates in his great character of Eccles in which he is unrivalled. We think he rather outdid himself last night. Mrs. Bates gave an excellent personation of Esther Eccles, and Miss Minnie Pixley was much better as Polly Eccles than in anything we have seen her essay. Mr. Vinson was first rate in Sam Gerridge, and Mr. Melville as Geo. D'Alroy and Thornton as Capt. Hawtree acquitted themselves very creditably, as did also Mrs. Bird as the haughty Marquise St. Maur. The piece was cast with every person exactly in the right place to make the play effective. At the close Mr. and Mrs. Bates were called before the curtain. The Pixley sisters closed the evening with a ballad and then a medley by Miss Annie and the double Irish jig by the two. To-night will be performed for the first time, The Extravaganza of the Invisible Prince. Matinee at 2 P. M.

ITEMS FROM THE SENTINEL.—The faithful will bear in mind that from to-morrow Sunday 12th inst.—until further notice, Vespers will begin at 8 o'clock.

The *Sentinel* suggests to the Catholics of East Portland that they take steps to build a church.

Very Rev. F. X. Weninger will begin his mission at St. Paul, Marion county, on next Thursday, the feast of Corpus Christi.

On next Thursday, the 16th inst., the Church celebrates the feast of Corpus Christi. It was established in commemoration of the institution of the adorable sacrifice and sacrament, in which Jesus Christ has vouchsafed to perpetuate in the Church His oblation on Calvary, and to nourish our souls with His precious body and blood.

PLAZA MATINEE.—Programme, 23d Infantry Band, for Saturday, June 11th, 7 o'clock P. M.:

1. Turkisher Sturm March.
2. Empress Annie Polka.
3. Duette from the Opera Semiramide "Giorno D'Orrore." —*Rossini.*
4. Quadrille from English airs. —*D'Albert.*
5. Polka Redowa.
7. Introduction to Lucrezia Borgia; "Belle Venizia." —*Donizetti,*
7. List to the Convent Bells—Ballad. —*Blockley.*
8. Ladies Galop.

CONTRIBUTION TO BE RAISED.—The *Advocate* proposes a collection in Oregon to assist the family of the late Bishop Kingsley. That paper says: "Our readers may not be aware that the lamented Bishop Kingsley left his family unprovided for. They have a home in Cleveland, Ohio, with an incumbrance on it of $2,000. To meet this indebtedness one half of the Bishop's Life Insurance policy has been set aside. Mrs. Kingsley has three daughters at home, who are to be educated. It is proposed to raise for the family $10,000. Of this amount Chicago has pledged $1,000, Cincinnati, $2,000, and Pittsburg, $2,000.

SALE OF LANDS AND PROPERTY.—Mr. Richardson, auctioneer, of this city, has just returned from McMinnville, where he went to sell a lot of landed and other property at assignee's sale. We learn from him that he sold the property known as the "Commercial Mills," with 58½ acres of ground for $8,500; a tract of seventy-nine and forty-eight-hundredths acres for $794 80; lots 14, 15, 16 and 17 in McMinnville, for $180; lots 19, 20, 21, 22, 31, 33 and 34 for $600; lots 26, 60 and 100 for $50; total real estate and personal property $10,324 80.

THE COMMERCIAL MILLS SALE.—The McMinnville property advertised to be sold on the 9th, by A. B. Richardson, Auctioneer, was disposed of according to terms of sale. The mill and 58 acres adjacent, was purchased by Williams & Myers, of this city, at $85,000 coin; 79½ acres to Henry Warren, of Oregon City, at $10 per acre; 4 lots in McMinnville sold for $150 in coin, and 7 lots, same place, separate parcel brought $650; the personal property went at $700. This will pay 25 per cent. on the indebtedness of the estate.

THE FESTIVAL LAST EVENING.—The Musical Treat and Festival given by the ladies of the Congregational Church last evening was a decided success, the vestry of the Baptist church being crowded with ladies and gentlemen. The 23d Infantry Band was present and discoursed splendid music at intervals during the evening. The audience were also entertained with excellent vocal music by ladies and gentlemen who volunteered for the occasion.

GOVERNMENT DISBURSEMENTS.—The disbursements by Mr. Wakefield during the month of May, on account of work on the Post Office and Court House at this city, amounted to $6,890 77 coin. Of this amount, the sum of $3,356 76 was paid the workmen here, and $2,636 62 to those engaged on the quarry; total, $5,993 38. The remaining sum of $2,897 39, was paid for the transportation of stone from the quarry, cartage, and other incidental expenses.

THE CAPTAIN TAKES A JOURNEY.—Capt. Geo. A. Pease, whom everybody knows, and who has been connected almost from infancy with the steamboat enterprises on the Wallamet river, is about to leave the wheel for a few months and to take a journey to the States. The Captain desires to have a holiday, and we hope his trip will be a regular picnic from the start.

ANNOUNCEMENTS.—Services will be as usual to-morrow in all the churches. In the evening the pulpit at the First Lutheran church will be occupied by the Rev. Bishop Glossbrenner of the United Brethren church. The Bishop is one of the four Bishops of that church who make alternate visits to this coast every four years.

CHANGE IN BUSINESS.—We hear that Messrs. McLaren Bros. have sold out their stock and fixtures to a couple of gentlemen from Vermont, Messrs. Lee & Co. The latter propose to close out the present stock of goods and then to open at the same place a first class restaurant.

PORTLAND LIBRARY.—The following new books have been added to the Library: The New World compared with the Old; Agricultural Report for 1868; Causes of the Reduction of American Tonnage; U. S. Geological Survey of Colorado and New Mexico.

RELIGIOUS SERVICES.—There will be services both morning and evening to-morrow at the Unitarian church. Sermons by Rev. Mr. Eliot. We learn that Mr. Eliot is intending to start East in the course of a couple of weeks.

REAL ESTATE SALE.—There will be a sale of lands this morning, by Mr. A. B. Richardson at his auction rooms. The particular parcels advertised are lots in Puget City, Puget Sound.

EMIGRATION.—About two hundred Chinamen left this city yesterday morning by the Cascades steamer. They are going into some of the northern mines.

MONTHLY MEETING.—The Hibernian Benevolent Society will hold their regular monthly meeting on next Monday evening.

TO SAIL.—The steamship *Moses Taylor* will sail for San Francisco at 5 o'clock this evening.

VARIETIES.

The recent northeaster: Mamma—"Are you cold, Georgie?" Georgie—"No, ma; but the wind is."

The Boston *Advertiser* says: "No panes were spared to make the Philadelphia hailstorm successful."

Louisville can't boast of her "Red Stockings" or "White Stockings," but she is heavy on her "black-legs."

Texas wants to be divided into two or more States. They say that one Governor cannot pardon all the scoundrels there.

Josh Billings says: "Give the devil his dues," reads well enough in a proverb; but "what will become of you and me if this arrangement is carried out?"

A rude fellow once told Barnum that he had never exhibited anything that was not a bare-faced humbug. "Yes I have," said Barnum, "the bearded lady wasn't bare-faced."

A good natured traveler fell asleep in a train a short time ago, and was carried a few miles beyond his destination. "A pretty good joke, this, isn't it?" said he to a fellow passenger. "Yes, a little too far fetched," was the rejoinder.

Upon the marriage of one of her companions, a little girl, about eleven years of age, of the same school, said to her parents: "Why don't you think Amelia is married, and she hasn't gone through fractions yet."

Portland Fire Department.—An adjourned meeting of the Board of Delegates of the Portland Fire Department will be held at the Council Chamber, this (Saturday) evening, at 8 o'clock.

Prostration Played Out.

Violent purgatives, emetics, salivants, blistering and bleeding have had their day.

The sick can no longer be persuaded that the best way to cure them is to destroy the little strength that disease has left them.

Dyspeptics, instead of dosing themselves with epsom salts, aloes, colycinth, jalap, and other powerful cathartics, tone their digestive organs and regulate their bowels with Hostetter's Stomach Bitters.

Persons of bilious habit, instead of throwing the whole glandular system into a state of morbid irritation with mercurial poison, seek relief, and find it in the operation of that wholesome vegetable alterative upon the disordered liver.

Nervous sufferers, tremulous, weak and despondent recruit their shattered energies with a course of this great invigorant, and bless the day when the adulterated liquors of commerce were superseded by a medicated stimulant, perfectly efficient and entirely harmless.

Travelers by land and sea rejoice in the possession of an agreeable corrective, which protects them from the evil effects of malaria, from sea sickness, and from the disturbing influences of changes of temperature, and change of water.

The weak and debilitated feel their strength return, and their spirits revive under its bracing, appetizing, gently exhilarating action.

It is the only stimulant which cautious physicians can conscientiously recommend to ladies in delicate health, or to the aged and decrepid.

There is not a city, town or settlement, on the American continent, where it is not recognized as a household remedy, and a safeguard against epidemics; and in short, whenever there is intelligence, prudence and common sense, Hostetter's Stomach Bitters is pronounced a standard specific, for which, in the whole range of pharmacy, there is no substitute or equivalent.

Railroad Aid Bonds in Michigan

From the Chicago Tribune May 28.

The Supreme Court of the State of Michigan has decided an important question in which the people of this State are deeply interested. The people of various localities in Michigan had been induced by crafty speculators to suppose that by mortgaging their property to aid in the construction of railways they would greatly benefit themselves and rapidly build up cities and towns and enrich the country, and accordingly the Legislature of the State passed an Act authorizing the counties towns and villages upon a vote of a majority of the people to levy a tax in aid of railroads. Under this Act the cities, counties and towns have voted (almost as recklessly as they have done in in this State) and $1 500 000 are now in the hands of purchasers and $6 000 000 more have been voted which has not yet been delivered. The town of Salem in Livingston county among others voted to issue an amount of these bonds, but the officers of that town denying the right of even a majority to levy a tax for any other than a strictly corporate purpose refused to issue them, and the Supreme Court has held the Act of the Legislature to be unconstitutional and the issue of the bonds void. The Constitution of the State contains the following provisions.

The Legislature may confer upon organized townships incorporated cities and villages and upon the Board of Supervisors of the several counties such powers of a local legislative and administrative character as they may deem proper

The credit of the State shall not be granted to or in aid of any person association or corporation

The State shall not subscribe to or be interested in the stock of any company association or corporation

The State shall not be a party to or interested in any work of internal improvement nor engaged in carrying on any such work, except in the expenditure of grants to the State of land or other property

The Legislature shall provide a uniform rule of taxation except on property paying specific taxes and taxes shall be levied on all such property as shall be prescribed by law

The Court held that the only ground upon which the constitutionality of the Act could be sustained was the authority of the State to prosecute and determine the object to be promoted through the expenditure of public money. Taxation must be imposed for a public and not for a private purpose. The tax must be equitably apportioned. If the tax be specific and imposed upon a municipal subdivision of the State only the purpose must not only be a public one but it must also be local, and the people taxed must have such a peculiar interest in the object sought that it will be right and equitable that they alone should bear the tax and not the people of the State at large. The Court held that the construction of a railroad to be owned and controlled by a private corporation and held for the profit of the members of that corporation is not a public object. The State itself cannot levy taxes in aid of railway enterprises nor can it authorize municipal bodies to do what it may not do itself.

This is but the affirmation of the same decision made in Iowa and in other States. The Courts everywhere are inclining to the opinion that the construction of railways is not a public object for which the municipalities may levy taxes and that unless there be an authority in the State to levy a general tax for such an object no county can be authorized to do so. It requires therefore, an express constitutional warrant to authorize the collection of any tax for such a purpose.

There will be some very loud complaints against this decision, as to its effects upon the bonds already issued, as well as those voted but not issued but the rule of law laid down by the Supreme Court is that he who purchases the bonds of a public corporation takes his own risk as to their validity and legality.

The people of Michigan who have been rescued by this judicial decision from this debt of $7 500,000 which for half a century would hang as a mortgage upon their property, will, before long admire the wisdom and the firmness of the Court which has thus interposed the Constitution to save them from interminable and consuming taxation.

JUSTIFIABLE SHOOTING.—The Sacramento *Record* says

There are not many contingencies under which a man is justified in deliberately shooting down a human being but there are some circumstances which render such shooting perfectly justifiable and such a case is that of Lansing who unfortunately failed in killing Hylton the scoundrel editor and proprietor of the infamous *Mazeppa*. This creature Hylton has for years made a living by pandering to the most beastly vices of the most degraded classes by blackmailing foolish or guilty men and women by advertising brothels and by encouraging villains like himself, in all parts of the State to injure the fair fame of the women they could not corrupt, by publishing slanderous statements concerning them in his vile hebdomadal. We speak within bounds when we assert that this abominable publication is responsible for more family dissensions, for more homicides for more ruined reputations for more infamies generally than any other evil agent at work in this community. Its purpose is wholly bad and atrocious. It was instituted with the deliberate intent of preying upon society and its stock in trade consists of slander fornication, and adultery. The wretch who owns it has been more than once imprisoned on conviction for libel but the trade appears to be a profitable one and the sheet has been continued. It is matter for surprise that he has not been shot like a dog long before this and it is matter for regret that he is now likely to recover. It is alledged that the cause of the attack on him by Lansing was his persistent slander of that gentleman's wife—a course which was persisted in because the husband was unable to furnish the hush money required. We are extremely sorry that Lansing did not take better aim and thus rid the State of a dangerous reptile. As matter of course no jury can be found in California that would convict a man of murder under such circumstances, nor would it be proper that any punishment should be imposed for such an act. The fault is society's in permitting the publication of so infamous a sheet as the *Mazeppa* which has been a standing disgrace to San Francisco from the day it was started. Such men as Hylton are a curse to to the community in which they exist and as there is absolutely no necessity for their existence we are inclined to regard their summary destruction as rather meritorious than otherwise.

A SAN FRANCISCAN ON AN IMPORTANT MISSION.—We cut the following from the San Francisco *Bulletin* of the 5th

Frank B Austin an old Pioneer a man who has been connected with many important public measures in this city for the past four years editor of the [illegible] the Odd Fellows official organ and one of the oldest members of Templar Lodge No [illegible] has been appointed by the United States Grand Sire in connection with Dr J [illegible] to Europe as a special Commissioner to establish the Order of Odd Fellows in Germany. He will leave in a few days direct for the city of Berlin where he will explain to the Government the nature and object of his mission and commence the institution of the Order. Large numbers of Germans belong to it in the United States and quite a number reside in the German States of Europe. It is the most important mission ever authorized by the Grand Lodge of the State and if successful will be a great step toward instituting the Order in all parts of the civilized globe. After accomplishing his mission in Germany it is Mr Austin's intention to make an extended tour of the world visiting the different governments of Europe and Asia including a pilgrimage to Mecca and the ruins of Nineveh and return to California via Burmah Hong Kong, Siam China and Japan

Seth Boyden a famous strawberry raiser said the other day that within a few years longer he would produce a strawberry as large as a [illegible] and as delicious as the best field strawberry.

In this country there are 659 Young Men's Christian Associations and 1 400 in the world with an aggregate membership of 1 0 000

CURRENT NOTES

The other day $100 000 Confederate bonds were put up for sale in New Orleans and brought $4 per [illegible] $100 for the lot

Seventeen Americans have died in Rome this winter and several rich Americans living there have found the fever dangerous. This unusual fatality is likely to keep prudent Americans away from that city

The *Ledger* [illegible] speaks of its Democratic friends who talk of Chase for President as [illegible] with [illegible] contempt [illegible] speaking nigger [illegible]

The sermon [illegible] Dr Newman of the Metropolitan Methodist Church Washington on the subject of polygamy delivered several weeks ago [illegible] Brigham Young the latter challenged him to go to Salt Lake City and debate [illegible] in the Temple. Dr Newman has accepted Brigham's challenge and proposes to start for Mormondom early in August

The Democrats of Rochester found one colored voter in that city who voted the Democratic ticket. The Rochester *Express* says their pleasure knew no bounds when the magic piece of paper had been dropped into the ballot box. The leading Democrats of the ward straightway took the colored man in charge shook hands with him, and walked arm in arm to a saloon or other convenient place where a champagne supper was ordered, and everything happened as usual on such occasions

It is a boast of the Democracy that they have lately carried Memphis. There is nothing remarkable about this. It was expected judging from the lay of the land and the looks and character of the people. An Eastern contemporary well remarks: Memphis is the Tennessee headquarters for gamblers and all the other miscellaneous plug uglies who always come there in May. But for these fellows voting the city would surely have gone on the side of Republicanism and righteousness

For repeated delinquencies of the kind [illegible] penalties proportioned to the nature thereof and importance of the mail may be made

[illegible] be imposed unless the delinquency be promptly and satisfactorily explained by certificates of postmasters or the affidavits of other credible persons for failing to arrive [illegible] contract time for neglecting to take the mail from or deliver it into a postoffice [illegible] suffering it to be wet injured destroyed robbed or lost and for refusing after demand to convey the mail as frequently as the contractor runs or is concerned in running a coach [illegible] on the route

The Postmaster General may annul the contract for repeated failures [illegible] violating the post office laws or disobeying the instructions of the department

The Postmaster General may order an increase of the service by allowing therefor a pro rata increase in the contract pay. He may change the schedule of departures and arrivals provided that [illegible] be abridged

Each bid must be guaranteed by two responsible persons certified to be such by a postmaster or a judge of a court of record. The department reserves the right to reject any bid which may be deemed extravagant and also to disregard the bids of failing contractors and bidders

For forms of proposal guarantee and certificates, and also for the instructions as to the conditions to be embraced in the contract see advertisement of September 30 1869 inviting proposals for mail service in California and Oregon and Washington to be found at the principal post offices.

Bids should be sent in sealed envelopes, superscribed Mail Proposals Route No 15421 Washington Territory and addressed to the Second Assistant Postmaster General.

NEW REMEDIES! NEW REMEDIES

Dr Gibbon's Dispensary,

623 KEARNEY STREET NEAR COMMERCIAL

San Francisco. Established in 1854 for the treatment of Sexual and Seminal Diseases, such as Gonorrhoea Gleet stricture Syphilis in all its forms Seminal Weakness Impotency etc Skin Diseases (of years standing) and Ulcerated Legs successfully treated

Horrible Disease.

How many thousands of persons both male and female are there who are suffering out a miserable existence from the effects of secret indulgences or from virus absorbed into the system. Look at their pallid emaciated and disfigured faces and their broken-down constitutions disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents guardians friends attend to those who are suffering with any of these horrible life-destroying maladies see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon a physician who has made private diseases his especial study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted or to those who are interested in the welfare of their friends to be careful of the many pretended doctors who infest all the cities publishing their skill in curing all diseases in a few days imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans.

Seminal Weakness

Seminal Emissions the consequence of self-abuse. This solitary vice or depraved sexual indulgence is practised by the youth of both sexes to an almost unlimited extent, producing with unerring certainty, the following train of morbid symptoms unless combated by scientific medical measures viz: sallow countenance dark spots under the eyes pain in the head ringing in the ears noise like the rustling of leaves and rattling of chariots uneasiness about the loins weakness of the limbs confused vision blunted intellect, loss of confidence diffidence in approaching strangers a dislike to form new acquaintances, a disposition to shun society loss of memory hectic flushes pimples and various eruptions about the face, furred tongue foetid breath coughs, consumption night sweats monomania and frequently insanity. If relief be not obtained should apply immediately either in person or by letter and have a quick cure effected by a new and scientific mode of treating this disease which never fails of effecting a quick and radical cure. Dr G will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies should not forget the sacred responsibility resting upon them nor delay obtain immediate relief.

DOCTOR GIBBON is responsible and will give to each patient a written instrument binding himself to effect a radical and permanent cure, or make no charge

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr Gibbon stating case symptoms length of time the disease has continued and have medicines promptly forwarded free from damage and curiosity to any part of the country, with full and plain directions for use for Ten Dollars sent in registered letter or through Wells Fargo & Co

Caution to the Unfortunate

Beware of the San Francisco quacks and pretenders who with bogus sworn to certificates dupe the unwary. Some of the self-styled doctors whose names are to be found in the daily and weekly newspapers of San Francisco and other places are tradesmen and became too lazy to work at their trades. Some are tailors and the shoe makers newspaper carriers intelligence office keepers etc. Look over the San Francisco Directory and you will not find their Medical Institutes [illegible] but you will find the former occupations [illegible] at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing and may save you many regrets; for as advertising physicians, in eight cases out of ten are bogus there is no safety in trusting any of them until you know who and what they are. Dr Gibbon does not deceive people by exhibiting bogus titles certificates pretended patient's letters etc. Dr Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he propose to cure.
